The following item of Rail Road new we clip from the Fort Wayne Daily Times of the 9th inst. We have no news in ref erence to the time that the work will be resumed, but the legal presumption is that as soon as the arrangements can be perfeeted, the Road will be completed at the earliest practicable moment.

"RAIL ROAD CONSOLIDATION.—The Ohio and Pennsylvania from Pittsburg to Crest line, the Ohio and Indiana from Crestline to Fort Wayne, and the Fort Wayne and Chicago Rail Roads from Fort Wayne to Chicago-in all laying along a distance of 465 miles-have been consolidated into one corporation, called the "Pittsburg, Fort Wayne and Chicago Rail Road Company." We said had been consolidated, but this is not quite so, for it yet lacks the ratification of the stockholders, which is sure. The terms or basis of consolidation differ a little from what we stated vesterday, and we correct it therefore.

The stock of each was received into the common fund or consoldation, at the fol lowing:

WASHINGTON, May 8. Sexate. On motion of Mr. Mason the Senate took up a resolution reported from the Committee on Foreign Relations, declaring that the notice which they can sell the contracts for ditching and had been given by the President the purchasers will run the risk of getting to Denmark to terminate the treaty with that government regulating the payment of the Sound Dues, is sufficient, and that no other or further act of Legislation is necessary to put an end to said treaty, as a part of the law of the land.

Mr. Stuart moved to strike out the latter portion, "and that no other," &c.

Mr. Sumner opposed the resolution. The resolution was further debated at some length, by Stuart, Seward, Crittenden, Hale, Bayard and others.
